(c) “Department” means the department of treasury.

(d) “Eligible student” means a child or surviving spouse of a Michigan police officer or Michigan fire fighter who was or is killed in the line of duty.

(h) “Line of duty” means an action that a Michigan police officer or Michigan fire fighter is obligated or authorized to perform by rule, regulation, condition of employment or service, or law, including, but not limited to, a social, ceremonial, or athletic function that the Michigan police officer or Michigan fire fighter is assigned to or compensated for by the public agency he or she serves.

(i) "Michigan police officer" means a sheriff or sheriff's deputy of a sheriff's department in this state; village or township marshal of a village or township in this state; officer of the police department of any city, village, or township in this state; officer of the Michigan state police; or any other police officer or law enforcement officer trained and licensed or certified under the Michigan commission on law enforcement standards act, 1965 PA 203, MCL 28.601 to 28.615.

(j) "Michigan fire fighter" means a member including volunteer members and members paid on call of a fire department, or other organization that provides fire suppression and other fire-related services, of a city, township, village, or county who is responsible for or is in a capacity that includes responsibility for the extinguishment of fires. Michigan fire fighter does not include a person whose job description, duties, or responsibilities do not include direct involvement in fire suppression.

(o) "Undergraduate class" means a class or course that provides a student with academic credit applicable toward a bachelor or associate degree from a state institution of higher education.

Sec. 3. (1) The police officer's and fire fighter's survivor tuition program is created, to be administered by the department.

(2) Beginning in the 2012-2013 academic year, the department shall provide a survivor's tuition grant in an amount determined by the department under subsection (3) to each eligible student if all of the following requirements are met:

(a) The student applies, qualifies, and is admitted as a full-time, part-time, or summer school student in a program of study leading to a degree or certificate at a state institution of higher education.

(b) The student is a legal resident of the state for at least the 12 consecutive months immediately preceding his or her application. For an individual who is a dependent of his or her parent, residency status shall be determined by the parent's residency. For an individual who is not a dependent, residency status is determined in the same manner as under 20 USC 1070 to 1070h.

(c) The student applies to the department for a survivor's tuition grant under this act and provides evidence satisfactory to the department that he or she is an eligible student, that the course or courses for which he or she is seeking a survivor's tuition grant meet the requirements of subsection (3), and that he or she meets the other requirements of this section.

(d) If the student is a child of a Michigan police officer or Michigan fire fighter who was killed in the line of duty, he or she applies for a survivor's tuition grant under subdivision (c) for the first time before the age of 26.

(e) The financial aid officer at the state institution of higher education certifies to the department that the student's eligible tuition expenses exceed the total of all other gift aid available to the student; certifies the amount of that excess; and certifies that the tuition rate or rates used to determine the amount of that excess are not greater than the rate or rates charged to residents of this state.

(f) The student maintains satisfactory academic progress, as defined by the state institution of higher education, for each term or semester in which he or she is enrolled. The satisfactory progress definition used by an institution for federal student assistance programs under 20 USC 1070 to 1070h is acceptable for the purposes of this act.

(g) The student has not received a bachelor's degree and has received tuition assistance under this act for fewer than 124 semester credits or 180 term credits at an institution of higher education.

(h) The student has not received a survivor's tuition grant in more than a total of 9 semesters or the equivalent number of terms or quarters.

(3) The amount of a survivor's tuition grant in an academic year is the amount of the student's eligible tuition in that academic year less all other gift aid available to the eligible student. The department may reduce the

amount of a survivor's tuition grant if it determines that the tuition rate or rates used by the state institution of higher education under subsection (2)(e) to determine the amount of the survivor's tuition grant are greater than the tuition rate or rates charged by the institution in that academic year to residents of this state.
