Dear Jim,

I want to formally thank you for having Dr. Wolf contact me about his active shooter related training that was held up here on January 12th. As you know, with him coming to us allowed more people to be trained. Normally we have to travel hours away in order to get any specialized training. His two seminars had a combined total of nearly 230 people attend, which not only included law enforcement but it also included schools, churches, banks, hospitals and others. Training of this type and size has never happened up here before in my nearly 40 years of being in law enforcement. Not to mention, it came free of charge through a MIOSHA grant. You really did us a favor and I appreciate it.

Thanks again,

Kelly J. Hanson
Huron County Sheriff
